

## NatWest e-invoicing Movie Transcript

### NatWest e-Messaging progression

The overview of NatWest e-invoicing is broken down into 5 sections, which are:

1. The old way
2. What is it, who is it for?
3. The Concept
4. Service
5. Re-cap

### The old way | POST-ITS

Paper  
Paper invoices  
Paper purchase orders  
Paper copies  
Envelopes & stamps  
Queries between buyers and suppliers. Back and forth.  
It all stacks up  
And up and up  
Save time  
Save money  
Goodbye paper  
Hello NatWest e-Invoicing

### What is it, who is it for? | BLUE ICONS

Manage your entire invoicing process from one online location  
Compatible with any accounting system  
Free access for all your trading partners  
Perfect for any company...  
...government body...  
...or charity that process large numbers of invoices.

**The Concept | BUYER – HUB – SUPPLIER (illustration)**

- e-invoicing automatically process and manages your invoices, in and out
  - One central place to manage all invoices from suppliers
    - One central place to invoice your customers
    - One central place to manage invoicing queries
  - One source to invoice your trading partners and manage their queries

**The Concept | INSIDE HUB (illustration)**

- e-invoicing validation automatically formats data, matches details and checks for errors.
  - Reducing processing time
    - Reducing errors
  - RBS e-invoicing is secure and delivers a VAT compliant invoice exchange
    - No more late documents
    - No more lost documents
    - No more copies

**The Service from NatWest**

- RBS e-invoicing is built to complement your accounting system
  - All you need is an Internet connection
- RBS will be on hand to provide training, handle queries and to get all trading partners setup with e-invoicing at no extra cost to them
  - Enhance your invoicing process by getting connected

**Benefits Recap**

- Speed up payment collections
  - Reduce errors
  - Eliminate invoice processing
  - Accelerate your audit process.
