Important information

Annual Equivalent Rate (AER) is a notional rate used for interest bearing accounts, which illustrates the interest rate if paid and compounded each year. It helps you to compare the effective rates of credit interest on different accounts.

We pay credit interest at a rate we set centrally, which isn't directly linked to the Bank of England base rate.

Quarterly interest is paid on the last business day of March, June, September and December and in the case of monthly interest on the last business day of the month. All rates are subject to variation in accordance with our terms and we may change them from time to time.

Rates correct as of **22nd April 2026**.

National Westminster Bank Plc. Registered in England and Wales No. 929027. Registered Office: 250 Bishopsgate, London EC2M 4AA.
