	 to pay any monthly Instalment Plan repayments (if you have more than one plan we'll first pay off the one which ends soonest); 						
	 to reduce sums shown on your most recent monthly statement (excluding Instalment Plans), according to their interest rates, with the highest rate paid first; 						
	 to reduce the remainder of the outstanding balance(s) on any Instalment Plan(s) on the account; and finally, if any payment exceeds your most recent monthly statement balance, the excess will then be applied to reduce sums charged to your account but not yet shown on any monthly statement. This is also done according to their interest rates, with the highest interest rate paid first. See General Condition 6 of your Credit Card Agreement for full details.
